S Tattheer Hussain®

Software Engineer & Technical Consultant | 13k+ Tech Community Leader | Transforming Business Requirements into Scalable Software | Mobile & Web Solutions Architect | International Educator & Tech Lead

Peshawar, Khyber Pakhtunkhwa, Pakistan

Summary

I am a Software Engineer, Web Development Instructor, and Founder & CEO of Tech4Edges, a technology company delivering high-quality digital solutions for startups, SMEs, and enterprises worldwide. With hands-on experience mentoring 700+ students and providing both national and international technical trainings, I bring together strong engineering expertise, leadership skills, and a people-first approach to technology.

What We Do at #Tech4Edges

At Tech4Edges, we help businesses accelerate their digital growth through end-to-end IT services and scalable product development. Our core offerings include:

- ↔ Custom Web Application Development
- ↔ Mobile App Development (iOS & Android)
- ↔ SaaS Product Design & Engineering
- ↔ UI/UX, Branding & Creative Design
- ↔ Full-Stack IT & Digital Transformation Solutions

Our mission is to empower businesses with modern, reliable, and performance-focused technology that drives real results.

Professional Background

I have taught and trained learners at leading institutions including:

- ↔ Visiting Lecturer, University of Peshawar
- ↔ SMIT Peshawar
- ↔ NAVTTC
- ↔ Arfa Karim Technology Incubator
- ↔ International training programs in Arizona, USA

I also serve as Tech Manager @ Peaks & Plans, where I lead digital transformation initiatives to help companies scale, automate processes, and adopt modern engineering practices.

What I Bring to Clients & Engineering Teams

- ↗ Proven leadership in managing software teams and delivering complex, scalable solutions
- ↗ Strong expertise in MERN Stack, JavaScript, PHP, WordPress, APIs, and cloud-based systems
- ↗ A solution-driven mindset, ensuring projects are delivered on time and aligned with business goals
- ↗ Clear communication, ownership, and a commitment to quality, performance, security, and long-term growth

Who I Work With

- ↗ Businesses needing dependable software development partners
- ↗ Startups building MVPs, SaaS products, or investor-ready prototypes
- ↗ Agencies requiring technical leadership or development support
- ↗ Organizations & institutes seeking high-impact digital skills training

Let's Create Impact Together

Whether you're looking to build a product, hire a tech leader, scale your business with modern applications, or bring expert training to your team - I'm here to help.

Let's connect and explore how we can build something exceptional.
